Jonathan Moore Acquisition Consultants
Licensed Real Estate Broker
720 East Colonial Dr.
Orlando, FL 32803

I first became acquainted with Jonathan Moore and Acquisition Consultants in 1996. Jonathan helped us find and buy a building for our business expansion. The building fit our needs, but the sellers situation made the purchase challenging. Jonathan guided us through the process to a successful purchase. Without his knowledge and professional approach the transaction probably would not have happened. He protected our interest throughout the process and stuck to it through a successful closing. Jonathan also helped us find a tenant for half the building after closing. We couldn't have done it without him. We would hire Acquisition Consultants again and would feel completely comfortable referring this firm to others.

Sincerely,

Peter Schimpf
President
